Director Qualifications

The Board believes that each of our directors is highly qualified to serve as a member of the Board. Each of the directors has contributed to the mix of skills, core competencies and qualifications of the Board. When evaluating candidates for election to the Board, the Board seeks candidates with certain qualities that it believes are important, including integrity, an objective perspective, good judgment, and leadership skills. Our directors are highly educated and have diverse backgrounds and talents and extensive track records of success in what we believe are highly relevant positions.

Board Leadership Structure

Our Board of Directors has the responsibility for selecting the appropriate leadership structure for the Company. In making leadership structure determinations, the Board of Directors considers many factors, including the specific needs of the business and what is in the best interests of the Company’s stockholders. Our current leadership structure is comprised of a combined Chairman of the Board and Chief Executive Officer (“CEO”), Mr. Ezra Dabah. The Board of Directors believes that this leadership structure is the most effective and efficient for the Company at this time. Mr. Dabah possesses detailed and in-depth knowledge of the issues, opportunities, and challenges facing the Company, and is thus best positioned to develop agendas that ensure that the Board of Directors’ time and attention are focused on the most critical matters. Combining the Chairman of the Board and CEO roles promotes decisive leadership, fosters clear accountability and enhances the Company’s ability to communicate its message and strategy clearly and consistently to our stockholders, particularly during periods of turbulent economic and industry conditions.

The Board believes that this leadership structure best serves the Company and its stockholders at this time. The Board evaluates its structure periodically, as well as when warranted by specific circumstances in order to assess which structure is in the best interests of the Company and its stockholders based on the evolving needs of the Company. This approach provides the Board appropriate flexibility to determine the leadership structure best suited to support the dynamic demands of our business.

Risk Oversight

Effective risk oversight is an important priority of the Board of Directors. Because risks are considered in virtually every business decision, the Board of Directors discusses risk throughout the year generally or in connection with specific proposed actions. The Board of Directors' approach to risk oversight includes understanding the critical risks in the Company's business and strategy, evaluating the Company's risk management processes, allocating responsibilities for risk oversight, and fostering an appropriate culture of integrity and compliance with legal responsibilities. The directors exercise direct oversight of strategic risks to the Company.

The Board of Directors exercises direct oversight of strategic risks to the Company. The Audit Committee reviews and assesses the Company's processes to manage business and financial risk and financial reporting risk. It also reviews the Company's policies for risk assessment and assesses steps management has taken to control significant risks (The Company's Audit Committee is described in greater detail below).

While the Board and its committees oversee the Company's strategy, management is charged with its day-to-day execution. To monitor performance against the Company's strategy, the Board receives regular updates and actively engages in dialogue with management.

Classified board of directors

Our Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms. As a result, only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Our directors are divided among the three classes as follows:

- the Class I director is Louis G. Schott, and his term will expire at the annual meeting of stockholders to be held in 2025;
- the Class II directors are Ezra Dabah and Jill Kronenberg, and each of their terms will expire at the annual meeting of stockholders to be held in 2026; and
- the Class III director is Bart Sichel, and his term will expire at the annual meeting of stockholders to be held in 2024.

Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. Our Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws authorize only our board of directors to fill vacancies on our board of directors. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

Committees of the Board

Our Board of Directors has the authority to appoint committees to perform certain management and administration functions. Our Board of Directors currently has two standing committees: an audit committee and a strategy and alternatives committee.

Audit Committee

NASDAQ listing standards and applicable SEC rules require that the Audit Committee of a listed company be comprised solely of independent directors. We have established an Audit Committee of the Board of Directors, which currently consists of Mr. Schott (Chairman), Mr. Sichel and Ms. Kronenberg. Each member of the Audit Committee meets the independent director standard under NASDAQ's listing standards and under Rule 10A-3(b)(1) of the Exchange Act. Each member of the Audit Committee is financially literate (as required by Nasdaq rules) and qualified to monitor the performance of management and the independent auditors and to monitor our disclosures so that our disclosures fairly present our business, financial condition and results of operations.

The Board has also determined that Mr. Schott, is an “audit committee financial expert” (as defined in the SEC rules) because he has the following attributes: (i) an understanding of generally accepted accounting principles in the United States of America (“GAAP”) and financial statements; (ii) the ability to assess the general application of such principles in connection with accounting for estimates, accruals and reserves; (iii) experience analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements; (iv) an understanding of internal control over financial reporting; and (v) an understanding of audit committee functions. Mr. Schott has acquired these attributes as a result of his significant experience serving as an executive officer and on the board of directors of various private and public companies.

The Audit Committee has authority for (1) reviewing the disclosures made by the Chief Executive Officer and the Chief Financial Officer in connection with their required certifications accompanying the Company's periodic reports to be filed with the SEC, including disclosures to the Audit Committee of (a) significant deficiencies in the design or operation of internal controls, (b) significant changes in internal controls and (c) any fraud involving management or other employees who have a significant role in the Company's internal controls; (2) reviewing and discussing the Company's quarterly financial results and related press releases, if any, with management and the independent auditors prior to the release of such information to the public; (3) reviewing with the management the proposed scope and plan for conducting internal audits of Company operations and obtaining reports of significant findings and recommendations, together with management's corrective action plans; (4) seeking to ensure the corporate audit function has sufficient authority, support and access to Company personnel, facilities and records to carry out its work without restrictions or limitations; (5) reviewing the corporate audit function of the Company, including its charter, plans, activities, staffing and organizational structure; (6) reviewing progress of the internal audit program, key findings and management's action plans to address findings; (7) periodically reviewing the Company's policies with respect to legal compliance, conflicts of interest and ethical conduct; (8) seeking to ensure the adequacy of procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting control or auditing matters, including the confidential submission of complaints by employees regarding such matters; and (9) recommending to the Board any changes in ethics or compliance policies that the Audit Committee deems appropriate. The Committee will also review any issues relating to conflicts of interests and all related party transactions of the Company. In addition, the Audit Committee has the authority, at its discretion and at our expense, to retain special legal, accounting or other advisors to advise the Audit Committee.

The Audit Committee Charter was filed as Exhibit 99.1 to the Form S-1 Registration Statement filed by the Company with the SEC on October 6, 2021.

Strategy and Alternatives Committee

On November 30, 2023, the Board of Directors formed a Strategy and Alternatives Committee of the Board. The Committee is currently composed of Mr. Sichel (Chairman), Mr. Schott and Ms. Kronenberg.

The role of the Strategy and Alternatives Committee of the Board of Directors of the Company is to evaluate strategic opportunities and alternatives available to the Company in order to create stockholder value, including potential mergers, acquisitions, divestitures and business combinations; dispositions of or exit from existing segments, platforms, or lines of business; acquisitions of businesses; entry into new lines of business; business expansions; joint ventures; and other key strategic transactions outside the ordinary course of the Company's business. The responsibilities and duties delegated by the Board to the committee are set forth in a Strategy and Alternatives Committee Charter.

Compensation Committee and Nominating and Corporate Governance Committee

The Board does not currently have a Compensation Committee or Nominating and Corporate Governance Committee as under applicable rules of The Nasdaq Capital Market, the Company is not required to have such committees due to the Company's status as a "controlled company".

Nominations for Directors

The Board of Directors is responsible for identifying prospective qualified candidates to fill vacancies on the Board, recommending director nominees (including chairpersons) for each of our committees, developing and recommending appropriate corporate governance guidelines.

In considering individual director nominees and Board committee appointments, our Board seeks to achieve a balance of knowledge, experience and capability on the Board and Board committees and to identify individuals who can effectively assist the Company in achieving our short-term and long-term goals, protecting our stockholders' interests and creating and enhancing value for our stockholders. In so doing, the Board considers a person's diversity attributes (e.g., professional experiences, skills, background, race and gender) as a whole and does not necessarily attribute any greater weight to one attribute. Moreover, diversity in professional experience, skills and background, and diversity in race and gender, are just a few of the attributes that the Board takes into account. In evaluating prospective candidates, the Board also considers whether the individual has personal and professional integrity, good business judgment and relevant experience and skills, and whether such individual is willing and able to commit the time necessary for Board and Board committee service.

While there are no specific minimum requirements that the Board believes must be met by a prospective director nominee, the Board does believe that director nominees should possess personal and professional integrity, have good business judgment, have relevant experience and skills, and be willing and able to commit the necessary time for Board and Board committee service. Furthermore, the Board evaluates each individual in the context of the Board as a whole, with the objective of recommending individuals that can best perpetuate the success of our business and represent stockholder interests through the exercise of sound business judgment using their diversity of experience in various areas. We believe our current directors possess diverse professional experiences, skills and backgrounds, in addition to (among other characteristics) high standards of personal and professional ethics, proven records of success in their respective fields and valuable knowledge of our business and our industry.

The Board uses a variety of methods for identifying and evaluating director nominees. The Board also regularly assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or other circumstances. In addition, the Board considers, from time to time, various potential candidates for directorships. Candidates may come to the attention of the Board through current Board members, professional search firms, stockholders or other persons. These candidates may be evaluated at regular or special meetings of the Board and may be considered at any point during the year.

Director Independence

The Board of Directors annually (or upon appointment of a new director) determines the independence of each director and nominee for election as a director. The Board makes these determinations in accordance with Nasdaq's listing standards for the independence of directors and the SEC's rules.

In assessing director independence, the Board considers, among other matters, the nature and extent of any business relationships, including transactions conducted, between the Company and each director and between the Company and any organization for which one of our directors is a director or executive officer or with which one of our directors is otherwise affiliated.

The Board has affirmatively determined that each of Mr. Schott, Mr. Sichel and Ms. Kronenberg is an independent director as defined under the Nasdaq rules governing members of boards of directors and as defined under Rule 10A-3 of the Exchange Act, and has no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Board of Directors Meetings

During the year ending December 30, 2023, the Board of Directors held five meetings and took various other actions via the unanimous written consent of the board of directors and the audit committee described above. All directors attended the board of directors' meeting and committee meetings relating to the committees on which each director served during fiscal year 2023 (during the periods which they served as directors). Each Director attended the Company's 2023 Annual Meeting of Stockholders (during the periods which they served as directors). Each director of the Company is expected to be present at annual meetings of stockholders, absent exigent circumstances that prevent their attendance. Where a director is unable to attend an annual meeting in person but is able to do so by electronic conferencing, the Company will arrange for the director's participation by means where the director can hear, and be heard, by those present at the meeting.

Executive Sessions of the Board of Directors

The independent members of our board of directors meet in executive session (with no management directors or management present) from time to time. The executive sessions include whatever topics the independent directors deem appropriate.

Policy on Equity Ownership

The Company does not have a policy on equity ownership at this time. However, as illustrated under "[Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters—Security Ownership of Management and Certain Beneficial Owners](#)", below, all current Named Executive Officers are beneficial owners of stock of the Company.

Pledging of Shares

We prohibit the pledging of Company securities as collateral for a loan unless the individual has the clear financial capability to repay the loan without resort to the pledged securities, and only with pre-approval.

Insider Trading/Anti-Hedging Policies

All employees, officers and directors of the Company or any of our subsidiaries are subject to our Insider Trading Policy. The policy prohibits the unauthorized disclosure of any nonpublic information acquired in the workplace and the misuse of material nonpublic information in securities trading. The policy also prohibits trading in Company securities during certain pre-established blackout periods around the filing of periodic reports and the public disclosure of material information.

To ensure compliance with the policy and applicable federal and state securities laws, all individuals subject to the policy must refrain from the purchase or sale of our securities except in designated trading windows or pursuant to preapproved 10b5-1 trading plans. The anti-hedging provisions prohibit all employees, officers and directors from engaging in "[short sales](#)" of our securities.

Compensation Recovery and Clawback Policies

Under the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”), in the event of misconduct that results in a financial restatement that would have reduced a previously paid incentive amount, we can recoup those improper payments from our Chief Executive Officer and Chief Financial Officer (if any).

On November 9, 2023, the Board of Directors of the Company approved the adoption of a Policy for the Recovery of Erroneously Awarded Incentive Based Compensation (the “Clawback Policy”), with an effective date of October 2, 2023, in order to comply with the final clawback rules adopted by the Securities and Exchange Commission under Section 10D and Rule 10D-1 of the Securities Exchange Act of 1934, as amended (“Rule 10D-1”), and the listing standards, as set forth in the Nasdaq Listing Rule 5608 (the “Final Clawback Rules”).

The Clawback Policy provides for the mandatory recovery of erroneously awarded incentive-based compensation from current and former executive officers as defined in Rule 10D-1 (“Covered Officers”) of the Company in the event that the Company is required to prepare an accounting restatement, in accordance with the Final Clawback Rules. The recovery of such compensation applies regardless of whether a Covered Officer engaged in misconduct or otherwise caused or contributed to the requirement of an accounting restatement. Under the Clawback Policy, the Board of Directors may recoup from the Covered Officers erroneously awarded incentive compensation received within a lookback period of the three completed fiscal years preceding the date on which the Company is required to prepare an accounting restatement.

Code of Ethics

We have adopted a Code of Ethical Business Conduct (“Code of Ethics”) that applies to all of our directors, officers and employees.

The Code of Ethics was filed as Exhibit 14.1 to the Registration Statement on Form S-1 which we filed with the SEC on October 6, 2021.

We intend to disclose any amendments to our Code of Ethics and any waivers with respect to our Code of Ethics granted to our principal executive officer, our principal financial officer, or any of our other employees performing similar functions on our website at kidpik.com within four business days after the amendment or waiver. In such case, the disclosure regarding the amendment or waiver will remain available on our website for at least 12 months after the initial disclosure. There have been no waivers granted with respect to our Code of Ethics to any such officers or employees.

Whistleblower Protection Policy

The Company adopted a Whistleblower Protection Policy (“Whistleblower Policy”) that applies to all of its directors, officers, employees, consultants, contractors and agents of the Company. The Whistleblower Policy has been reviewed and approved by the Board.

Controlled Company Exception

Ezra Dabah, our Chief Executive Officer and Chairman, and our principal stockholder, currently controls approximately 66.6% of the voting power of our capital stock (based on shares of common stock outstanding as of April 29, 2024), pursuant to a Voting Agreement (discussed below), pursuant to which Mr. Dabah and his family have formed a voting group, and are therefore a “controlled company” as defined under Nasdaq Marketplace Rules. Although the Nasdaq Listing Rules require that a majority of the board of directors be independent, however, because we are a “controlled company” within the meaning of the Nasdaq Listing Rules, we are permitted to, and have elected to, not be required to comply with this requirement (provided that currently a majority of our board of directors is independent). In addition, as a “controlled company”, we are not required to have a compensation committee or an independent nominating function. Accordingly, our Board of Directors has determined not to have an independent compensation committee or nominating function and to have the Board be directly responsible for compensation and the nominating members of our Board of Directors. Accordingly, you may not have the same protections afforded to stockholders of companies that are subject to all of these corporate governance requirements. If we cease to be a “controlled company” and our shares continue to be listed on the Nasdaq Capital Market, we will be required to comply with these provisions within the applicable transition periods.

If at any time we cease to be a “controlled company” under the Nasdaq rules, the Board of Directors will take all action necessary to comply with the applicable Nasdaq rules, including, subject to permitted “phase-in” periods.

Pursuant to a Voting Agreement entered into on September 1, 2021, Ezra Dabah’s children, Moshe Dabah, who is also our Vice President, Chief Operating Officer and Chief Technology Officer (who holds 29,122 shares of outstanding common stock), Eva Yagoda (who holds 13,420 shares of common stock), Joia Kazam (who holds 13,420 shares of common stock), Chana Rapaport (who holds 13,420 shares of common stock) and Yaacov Dabah (who holds 19,325 shares of common stock); Gila Goodman (who holds 61,196 shares of our common stock), who is the sister of Ezra Dabah and aunt of Moshe Dabah; Isaac Dabah, who is the brother of Ezra Dabah, and uncle of Moshe Dabah and his spouse (who hold 9,394 shares of common stock); GMM Capital LLC, an entity which Isaac Dabah controls (which holds 59,183 shares of common stock); and Sterling Macro Fund, an entity which Isaac Dabah controls (which holds 7,650 shares of common stock), and certain trusts in the names of Mr. Dabah’s children (which in aggregate hold 301,682 shares of common stock), and which are beneficially owned by Mr. Dabah’s wife and mother-in-law, provided complete authority to Ezra Dabah to vote the shares of common stock held by such persons and entities at any and all meetings of stockholders of the Company and via any written consents. The Voting Agreement has a term of three years, through August 31, 2024, but can be terminated at any time by Mr. Dabah and terminates automatically upon the death of Mr. Dabah. In connection with their entry into the Voting Agreement, each of the other parties thereto provided Mr. Dabah an irrevocable voting proxy to vote the shares covered by the Voting Agreement.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own more than 10% of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. These executive officers, directors, and greater than 10% beneficial owners are required by SEC regulation to furnish us with copies of all Section 16(a) forms filed by such reporting persons.

Based solely upon our review of the Section 16(a) filings that have been furnished to us, and certifications provided by each officer and director of the Company, we believe that all filings required to be made under Section 16(a) during the fiscal year ended December 30, 2023 were timely made.

Website Availability of Documents

The charter of the audit committee of the Board identified above is available on our website at www.kidpik.com, under “Investors” – “Governance” – “Governance Documents”. Copies of the committee charter are also available for free upon written request to our Corporate Secretary.

Stockholder Communications with the Board

A stockholder who wishes to communicate with our Board of Directors may do so by directing a written request addressed to our Secretary, 200 Park Avenue South, 3rd Floor, New York, New York 10003, who, upon receipt of any communication other than one that is clearly marked “Confidential,” will note the date the communication was received, open the communication, make a copy of it for our files and promptly forward the communication to the director(s) to whom it is addressed. Upon receipt of any communication that is clearly marked “Confidential,” our Secretary will not open the communication, but will note the date the communication was received and promptly forward the communication to the director(s) to whom it is addressed.

Executive Sessions of the Board of Directors

The independent members of our Board of Directors meet in executive session (with no management directors or management present) from time to time. The executive sessions include whatever topics the independent directors deem appropriate.

Rule 10b5-1 Trading Plans

Our executive officers and directors are encouraged to conduct purchase or sale transactions under a trading plan established pursuant to Rule 10b5-1 under the Exchange Act. Through a Rule 10b5-1 trading plan, the executive officer or director contracts with a broker to buy or sell shares of our common stock on a periodic basis. The broker then executes trades pursuant to parameters established by the executive officer or director when entering into the plan, without further direction from them. The executive officer or director may amend or terminate the plan in specified circumstances.

Change of Control

The Company is not aware of any arrangements which may at a subsequent date result in a change of control of the Company.

However, on March 29, 2024, the Company entered into an Agreement and Plan of Merger and Reorganization (the “Merger Agreement”) with Nina Footwear, and Kidpik Merger Sub, Inc., a Delaware corporation and wholly-owned subsidiary of the Company (“Merger Sub”). Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, Merger Sub will be merged with and into Nina Footwear, with Nina Footwear surviving as a wholly-owned subsidiary of the Company (the “Merger”).

At the effective time of the Merger, the stockholders of the Company immediately prior to the Merger are expected to own approximately 20% of the outstanding shares of the Company’s common stock immediately after the Merger and the stockholders of Nina Footwear immediately prior to the Merger will own approximately 80% of the outstanding shares of the Company’s common stock immediately after the Merger.

Mr. Dabah and his children own approximately 79.3% of Nina Footwear, and Mr. Dabah and his extended family own 100% of Nina Footwear, and Moshe Dabah (Mr. Dabah’s son), is the Vice President, Chief Operating Officer and Chief Technology Officer of the Company, and the Secretary of Nina Footwear. Following the closing of the Merger, the Company’s executive officers and directors will remain the same as immediately prior to the Merger.

The closing of the Merger is subject to certain mutual closing conditions. The Company’s obligation to consummate the Merger is also subject to (i) Nina Footwear acknowledging that all of the debt owed by the Company to Nina Footwear (approximately \$1.8 million currently and which amount may increase until the closing of the Merger) is extinguished as consideration of entering into the Merger; (ii) the waiver or termination of certain change of control and related triggering events held by certain stockholders of Nina Footwear which if not waived may have required approximately \$2.55 million to be paid to such stockholders of Nina Footwear at Closing; and (iii) holders of no more than 10% of the shares of Nina Footwear capital stock exercising their statutory appraisal rights in connection with the Merger.

Equity compensation plans not approved by security holders	—	—	—
	435,000		2,299,530(2)

(1) Not including 8,467 shares of common stock which may be issuable upon vesting of 176,000 outstanding restricted stock units.

(2) Represents 523,610 shares of the Company’s common stock available for future awards under the 2021 Plan (defined below), as of December 30, 2021. Effective on April 1, 2024, the number of shares available for issuance under the 2021 Plan increased automatically by 95,687 shares, to 768,748 shares.

First Amended and Restated 2021 Equity Compensation Plan

Our then sole director and majority stockholders adopted a 2021 Equity Incentive Plan, on May 9, 2021, which was amended and restated by our then sole director and majority stockholders on September 30, 2021 (as amended and restated, the “2021 Plan”). The 2021 Plan provides for the grant of incentive stock options, or ISOs, within the meaning of Section 422 of the Internal Revenue Code, to our employees, and for the grant of non-statutory stock options, or NSOs, stock appreciation rights, restricted stock awards, restricted stock unit awards (RSU awards), performance awards and other forms of awards to our employees, directors and consultants and any of our affiliates’ employees and consultants. In making a determination of whether to make an award and the amount of such awards, the Board may take into account the nature of the services rendered by such person, his or her present and potential contribution to the Company’s success, and such other factors as the Board of Directors in its discretion shall deem relevant.

Subject to adjustment in connection with the payment of a stock dividend, a stock split or subdivision or combination of the shares of common stock, or a reorganization or reclassification of the Company’s common stock, the aggregate number of shares of common stock which may be issued pursuant to awards under the 2021 Plan is the sum of (i) 520,000 shares, and (ii) an automatic increase on April 1st of each year commencing on April 1, 2022 and ending on (and including) April 1, 2031, in an amount equal to the lesser of (A) five percent (5%) of the total shares of common stock of the Company outstanding on the last day of the immediately preceding fiscal year; and (B) 300,000 shares of common stock; provided, however, that the Board may act prior to April 1st of a given year to provide that the increase for such year will be a lesser number of shares of common stock, also known as an “evergreen” provision. Notwithstanding the above, no more than 1,560,000 incentive stock options may be granted pursuant to the terms of the 2021 Plan. The number of shares of common stock available for awards under the 2021 Plan increased automatically on April, 1, 2022, by 76,178 shares, equal to 5% of our outstanding shares of common stock as of January 2, 2022, April 1, 2023, by 76,881 shares, equal to 5% of our outstanding shares of common stock as of December 31, 2022, and April 1, 2024, by 95,687 shares, equal to 5% of our outstanding shares of common stock as of December 30, 2023, and as a result a total of 768,748 shares are currently available for awards under the 2021 Plan, not including awards previously granted, of which 619,298 shares remain available for future awards, when including awards previously granted.

Shares subject to stock awards granted under our 2021 Plan that expire or terminate without being exercised in full or that are paid out in cash rather than in shares will not reduce the number of shares available for issuance under our 2021 Plan. Shares withheld under a stock award to satisfy the exercise, strike or purchase price of a stock award or to satisfy a tax withholding obligation will not reduce the number of shares available for issuance under our 2021 Plan. If any shares of our common stock issued pursuant to a stock award are forfeited back to or repurchased or reacquired by us (i) because of a failure to meet a contingency or condition required for the vesting of such shares; (ii) to satisfy the exercise, strike or purchase price of a stock award; or (iii) to satisfy a tax withholding obligation in connection with a stock award, the shares that are forfeited or repurchased or reacquired will revert to and again become available for issuance under our 2021 Plan.

Executive Compensation”, there have been no transactions over the last two fiscal years, and there is not currently any proposed transaction, in which the Company was or is to be a participant, where the amount involved exceeds the lesser of (a) \$120,000 or (b) one percent of the Company’s total assets at year-end for the last two completed fiscal years, and in which any officer, director, or any stockholder owning greater than five percent (5%) of our outstanding voting shares, nor any member of the above referenced individual’s immediate family, had or will have a direct or indirect material interest.
